### 1. Stage Performance:

This show combines world class magic, mentalism and "clean" comedy. Guests are invited on stage to participate, are respected and this is an astonishing, exciting and entertaining experience for both the participants and audience.

Mo Magic is also able to personalise his performance to include your brand, product and/or message. He arrives at your event well in advance to set up and prepare, perform, then is available to mingle with your guests and socialise.

A technical rider is provided in advance, to ensure adequate preparation, effortless execution, and maximum entertainment at the event.

*Ideal for Conferences, Awards, Gala Dinners, Golf Days etc*

*Duration: up to 45 min (depending on client needs)*

*Audience: 100+ (Video projection suggested for larger venues or for audiences of 300+ depending on seating arrangement)*

### 2. Close Up & Walk Around Performance:

With this service, Mo Magic arrives ahead of the performance time, mingles with the audience & performs astonishing, interactive, world class magic. He strolls amongst your guests, at their tables or walk around, performing extraordinary pieces of magic. Some of the magic happens under their noses, and in some cases in their own hands.

Whether he performs sleight of hand magic with playing cards, makes objects move and levitate, takes their watches (and returns it naturally) or creates the illusion of reading their thoughts, your guests will remember this amazing, astonishing and memorable experience, for years, as part of YOUR event.

*Ideal for Cocktail Style Events & "The Perfect Ice Breaker" ahead of formalities*

*Duration: One Hour Minimum for up to 120 Guests*

### 3. Combination of Stage & Close Up/Walk Around

This is an extremely popular choice with corporate clients as guests experience both performances. The Close Up & Walk Around magic is performed ahead of formalities & the stage show, later in the programme.

### 4. Master of Ceremonies:

With an honours degree in electronic engineering, several years of experience in the corporate world as a project and customer manager and a passion for engaging and connecting with audiences, Mahommed Moorad chooses to travel across South Africa and the world adding value to events through his unique services.

Whilst he is best known by his alter ego "Mo Magic" and is recognised by many as South Africa's top magician, specialising in the corporate market with regular features on TV, radio and the media, he is well spoken and his "clean cut" look and suave image combined with his precision for detail and planning, charisma and stage presence has quickly made him one of the country's up and coming master of ceremonies.

Mo adds value ahead of the event by supporting his clients, sharing his input and experience in preparing the program with the client, where necessary.

His client list boasts the likes of Absa, KPMG, Adcock Ingram, Europcar and Unilever amongst the many corporates who call upon Mahommed to ensure their formalities are well planned and successfully executed, thereby ensuring they are memorable.

### 5. Trade Shows, Exhibitions & Product Launches

Using his world class and visually appealing magic, Mo is able to create innovative and bespoke solutions for these type of events. He prepares in advance, to ensure your valued guests remember the magic, your product, message and event for years to come with excitement and interest.

### 6. Speaker and/or Team Building

With 6.5 years of industry experience as an electronic engineer (BSc Eng Honours) and as a Project & Customer Manager, coupled with his varied skills as a magician and a drive for excellence in customer service, Mo is available to create bespoke presentations and sessions to satisfy a variety of business needs.
